

MARÍA FERNANDA GÓMEZ MESA

Front-end Developer & UX/UI Designer

I have focused my career on the world of technology, particularly in the fields of Full Stack development and UX/UI Design, two concepts that inspire me to grow and strengthen my skills within the area. My experience of over 9 years in culinary arts has given me the opportunity to lead and form teams, manage resources, project management, handle budgets, among other tasks.

EXPERTISE

Web Design

React.js

JavaScript

TypeScript

Git

Figma

Node.js

SQL

HTML

CSS

EXPERIENCE

2024

MADRID

Front-end Developer & UX/UI Designer (Freelance)

I am working on modernizing the website for Clínica El Ávila. The process begins with planning and analysis, including meetings with stakeholders to define requirements and objectives, as well as analyzing the current site. Then, in Figma, I develop wireframes and high-fidelity prototypes, ensuring a responsive and accessible UI/UX design. For development, I use React with TypeScript.

2011- 2023

MADRID | BUENOS AIRES | VENEZUELA

Pastry Chef

During my 10 years in the industry, I have led the opening and operation of stores, organized events, coordinated with suppliers, and supervised teams. My focus has been on detailed planning and efficient execution to ensure operational success. I have directed teams, strategically assigning tasks and managing schedules and budgets. Additionally, I have contributed to product design and innovation, showcasing my ability to maintain smooth operations in leadership, team management, planning, and execution, which have allowed me to excel in the industry and contribute to business success.
